
COVID-19 UPDATE

Message from Edward Knutson

As the world continues to go through this unprecedented time, we want you to know that our team at Dimation / WOW Circuits is doing everything we can to support our customers as well as any new customers that need our help.

Because our background is in building boards for Medical Electronics companies, we have everything you might need to keep your production lines going.

While others might be playing catch up, we are there already, and we are ready to meet all of your needs.

Please contact us immediately and we'll get right to work on your projects.

We hope you will stay safe and healthy through this international ordeal.
